- June, July, August  
Weekly mowing  
Summer Fertilizer (June)  
Summer pruning (July-September)  
(We time summer pruning to allow spring and early summer flowering plants to finish blooming. In addition, the majority of the plant's growth for the year is finished by this time. Safety and clearance pruning will be done as needed, by request.)
- September  
3 mowings  
Fall Fertilizer  
Fall aeration (if required by contract)
- October  
2 mowings with minor leaf clean up  
Winterize irrigation systems
- November  
Final leaf clean up
- December - March  
Fall Pruning  
(We prune after the leaf drop to be able to assess the condition of the branch structure of the shrub. Thinning and removal of old and dead branches are done at this time.)
