SNOW UPDATE

DATE: January 31, 2011

TIME: 2:30 PM

Crews have been out since early this morning addressing ice build up.

Forecast is for just 1”-4” but the wind and cold will make conditions difficult. Wind chills will be -20 overnight and air temperatures will be -15 Tuesday night. I am sure that men and equipment will be strained.

Plows, sanders, and shovelers are ready. We will be making rounds continuously for the duration of the storm.

Please report any dangerous conditions anytime day or night: 303-638-8092

Thank you,

Wm Michael Farrell, MBA, MSIB, ISA, APLD
