

Landscape Consultants & Contractors, Inc.

Landscape – Irrigation – Maintenance
Since 1984

Snow Update 3/9/2013 12:00 PM

The snow arrived a little later than expected and is now beginning to accumulate enough to begin services.

Snow the snow is expected to taper off by 15:00 and end by 21:00.

The first sites done today will likely accumulate more snow requiring a return visit. We will monitor the storm and provide services for as long as necessary.

Thank you,
