SNOW UPDATE

DATE: March 19, 2010

TIME: 4:30 PM

Crews have been out since early this morning addressing the most sensitive areas.

Throughout the day we are making one round through all properties in order to have them ready for the evening rush hours.

We will take a short break and then return during the overnight hours to have all properties ready for the morning rush hour.

Snow is expected to last through mid-morning so we may have to run through the sites one last time to make sure snow is clear enough to melt and dry before freezing conditions return in the overnight hours on Saturday-Sunday.

Please give us a call anytime day or night: 303-638-8092

Thank you,

Wm Michael Farrell, MBA, MSIB, ISA, APLD
