## SNOW UPDATE

DATE: March 27, 2009

TIME: 7:00 AM

Snow Update as of 3/27/09

Most all sites were plowed twice by 2:00 AM with the few remaining sites on schedule to be cleared by dawn.

Snow shovelers are having a much harder time. This storm has produced some very wet and heavy snow. Sites should be cleared once by this morning. The crews will get some rest and then make another round today.

All large sidewalks that we clear with ATV's will be done during daylight today. The heavy snow will be a challenge for the machines. With schools closed today, it gives us the opportunity to operate our equipment in good light, minimizing damage.

Thank you,

*Wm Michael Farrell, MBA, MSIB, ISA, APLD*
